

V.E.T. Veterans Entrepreneurial Training

V.E.T. is a business development program designed to help Veterans who may aspire to start a business hone the skills needed to create, manage and grow a successful business.

V.E.T. participants work on their own business ideas or ventures throughout the five week course - moving their ventures to reality or new levels of growth.

The SBDC at UNF is able to offer this opportunity to you at a significantly discounted registration fee to Veterans through the generous support of WorkSource Florida.

We are offering the V.E.T. Training at two different locations. When registering please let us know which location you would prefer.
